## PROFILE

A goal-oriented and highly trainable BS MIS senior at the Ateneo de Manila University seeking a skill-developing role in data analytics, project management, and programming.

## EDUCATION

### Ateneo de Manila University

#### **BS Management Information Systems, Specialization in Data Science & Analytics (2020 - Present)**

- Cumulative QPI: 3.83/4.00 (Magna Cum Laude Standing)

## WORK EXPERIENCE

### Coca-Cola Beverages Philippines Inc.

#### **Health Analytics Intern (October 2023 - Present)**

- Consolidates data into analytics dashboards using Power BI and MS Excel
- Strategizes Occupational Health service delivery flows through Power Automate, and helps digitize records and processes, in coordination with the Technology function to ensure alignment with CCBPI processes

### MISamSan Tech

#### **Project Manager (Jan 2023 - Present)**

- Spearheads a 5-person team in the development of a system for a client (Penbrothers)

### Texas Instruments Philippines Inc.

#### **Process Engineering Intern (June 2023 - July 2023)**

- Created a command center with a dashboard of the QFN Post Test machines that minimized downtime, reduced Mean Time Between Assist (MTBA), and improved Overall Equipment Utilization (OEU) by 7%
- Proposed a system setup that allowed the company to save six (6) million pesos in comparison to the full implementation of their current setup

#### **Country Ambassador (June 2023 - July 2023)**

- Represented the entire Philippines as a dedicated intern at TI, contributing to the development of promotional materials for [Instagram](#) and [Facebook](#) causing higher student engagement in TI's internship program

### Ateneo de Manila University (Office of Admissions and Aid - Dorm Assistants Assembly)

#### **Supervising Dormitory Assistant (August 2022 - June 2023)**

- Reorganized a new system that optimizes the recording and validating of 230 dormitory records of student scholars for their required rendered service hours

### Blue Eagle Software Technologies

#### **Project Manager (June 2022 - June 2023)**

- Spearheaded a group of 5 people in developing a website application integrating RFID technology for automated tracking of attendance for an educational institution client with 300 students and employees
- Supervised and led client meetings in providing solutions to the client's needs

## EXTRA-CURRICULAR ACTIVITIES

### Ateneo Management Information Systems Association (Ateneo MISA)

#### **Vice President for Marketing (June 2023 - Present)**

- Secured PHP 87,000 currently for partnerships for Ateneo MISA
- Leads a team of five (5) AVPs and seven (7) Marketing officers in organizing marketing initiatives for all events in the organization
- Manages the organization's relationship with partners (such as corporate, organizational, and alumni partners) and currently oversees 8 major partnerships

#### **Associate Vice President (AVP) for Organizational Relations (June 2022 - June 2023)**

- Secured 15 partnerships with internal and external school organizations (universities nationwide) for IM Summit Case Competition 2023
- Handled a partnership with Microsoft and Best Buddies to provide an IT initiative for an external organization
- Trained three (3) Marketing Officers deployed for events

## AWARDS RECEIVED

**100TFDA Ateneo Financial Aid Scholarship & 2020 DOST-SEI S&T Undergraduate Scholarship  
Consistent Dean's Lister from AY 2020-2021 to AY 2022-2023**
